Russia
20-th April 2015

Hi my dear friend,

My name is Irina. I am from Dukhovnitsk. I'd like to tell you about the veterans of the Great Patriotic War. There is a special holiday in our family, in our country which I want to tell you about it. It's a Victory Day. My great-grandfather is a veteran of the Great Patriotic War. My great-grandfather fought for the country in the Great Patriotic War too. It was difficult time. He was a doctor. He doesn't like to speak about the war. He often remembers about his friends. During the Great Patriotic War my great-grandfather was wounded, when he saved his friend. He has many medals and orders.

On 9-th May, we have the military parade. We and our veterans go to the parade. We go to the Park of Victory and put flowers on the monument of the heroes. I watch the salute in honor of the veterans. Our family is very proud of our great-grandpa. I want to be like my great-grandfather. I want to be a doctor, too. I would like you to come on the 9-th of May and to watch the parade. Write back soon.

Best wishes,
Irina Medvedeva
